COMPANY OVERVIEW

Nationwide Technology Solutions is a rapid-response B2G technology integrator, procurement specialist, and registered small business prime contractor serving defense and civilian public sector agencies. We eliminate the friction of modern technology deployment by bridging the gap between world-class hardware manufacturers and seamless, FAR-compliant field execution. Operating as an agile, single-source partner, we provide turnkey Commercial Off-The-Shelf (COTS) procurement, certified low-voltage infrastructure, defense-grade cybersecurity, and AI-driven automation.

Our Core Philosophy: *No job is too small or too big; we do it all.* From single-facility secure cable drops to nationwide multi-site enterprise deployments, we scale our cleared resources precisely to your operational requirements.

CORE COMPETENCIES

1. COTS IT Hardware & Software Sourcing

- Turnkey procurement of commercial off-the-shelf enterprise servers, client workstations, ruggedized field tablets, and peripheral equipment.
- Enterprise software licensing, cloud provisioning, and comprehensive warranty coordination.

- Rapid supply chain logistics for end-of-fiscal-year acquisitions and emergency deployments.

2. Low-Voltage & Physical Security Installation

- Structured Cat6A and Fiber Optic cabling engineered to TIA/EIA standards.
- Secure server room and data center physical infrastructure builds.
- Installation of IP CCTV surveillance, access control badge readers, and A/V conference integration.

3. Cybersecurity & Systems Design

- Custom system integration aligned with NIST SP 800-171 and CMMC compliance frameworks.
- Zero-Trust Network Access (ZTNA) architecture and Endpoint Detection and Response (EDR) deployment.
- Network penetration testing and vulnerability risk assessments.

4. Process Automation & Custom Portals

- AI voice telephony routing and conversational agent deployment for public engagement.
- Custom API workflow engines to digitize and automate internal agency operations.
- Secure, compliant web portal development for real-time operational analytics.

KEY DIFFERENTIATORS

- **Single-Source Prime Accountability:** We consolidate hardware procurement, physical infrastructure cabling, software licensing, and system deployment under one UEI/CAGE code, eliminating vendor fragmentation.
- **Tier-1 Strategic Alliances:** We maintain vendor-neutral agility while partnering directly with America's elite technology leaders. We procure and integrate the absolute best solutions from **Microsoft, Dell, Google, Micron, Intel, Nvidia, and CrowdStrike.**
- **Rapid-Response Mobilization:** Fast quote turnarounds and the flexibility to rapidly assemble cleared, certified field specialists tailored to any domestic site location.
- **Uncompromising Compliance:** Strict adherence to Federal Acquisition Regulations (FAR), ensuring project execution on time, within budget, and fully documented for final closeout.
